## Development Services

### Mission Statement:

The Department of Development Services understands its critical role in creating an environment that is conducive to capital investment in all of our city neighborhoods. Each of the Divisions work together to ensure that neighborhood initiatives and public/private investment are aligned with *One City, One Plan* to benefit city residents in the form of jobs, community services, safe and affordable housing, and places to shop and recreate.

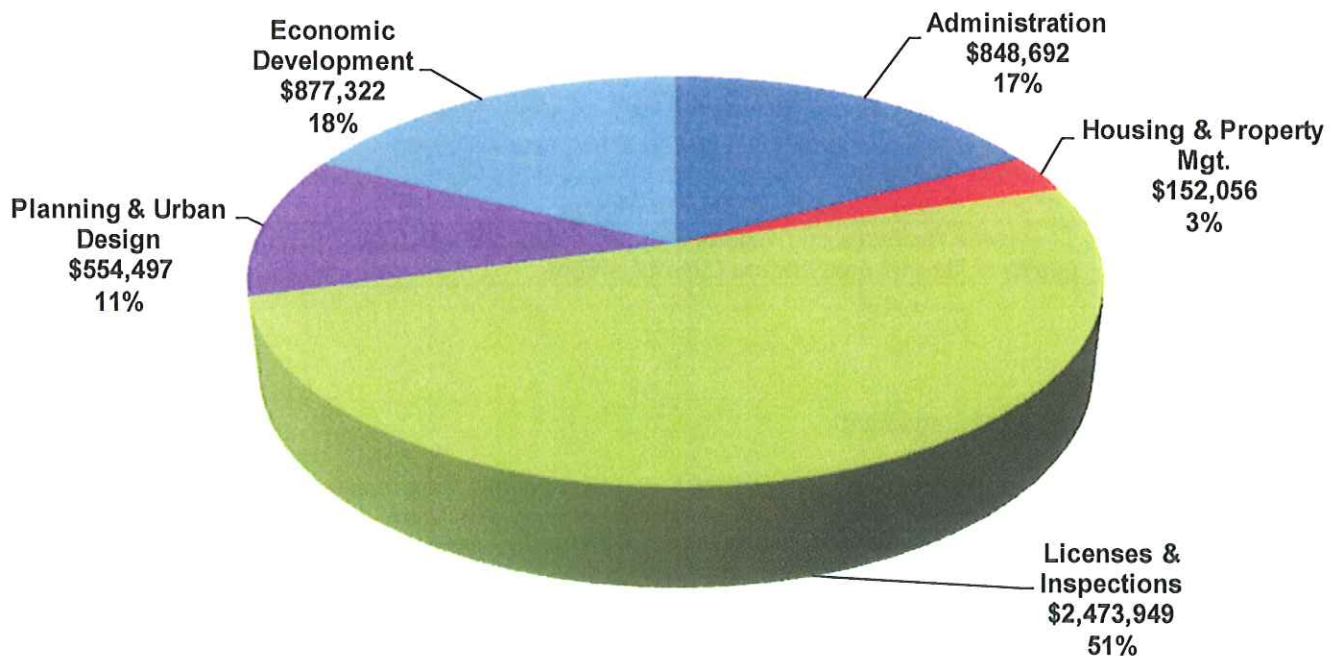

### Significant Features:

The Adopted Budget for Fiscal Year 2011-2012 is \$4,906,516. This reflects an increase of \$643,021 or 15.1% compared to the Adopted Budget for Fiscal Year 2010-2011. The net increase is the result of contractual obligations associated with employee salaries and the transfer of marketing, entertainment and cultural affairs functions to Development Services.

### Strategic Plan Initiatives:

- Alignment of grant funding and capital budget with *One City, One Plan* goals, objectives and action items
- Complete and implement the required revisions to Hartford Zoning regulations
- Consolidation and streamlining of the permitting, inspections and enforcement process of the zoning regulations and building codes in Licenses and Inspections
- Align programmatic economic development and financing activities to focus on small business, workforce development, and business retention and attraction
- Design and implement a programmatic strategy for City financing programs to maximize homeownership and affordable housing opportunities
- Engage with state agencies to advance Cornerstone Initiatives, based on the Mayor's partnership with the Governor's office
